

DualClean™ Cover, Microfiber

Terry style microfiber cover for DualClean Softwall Strip Cleaner Frame

Description

The DualClean Softwall Strip Cleaner is a unique system that enables one operator to easily and quickly clean both sides of 4"-12" (10-30cm) plastic strip curtains in a single pass. The system consists of a fabric cover that is installed over a stainless steel frame with two curved-surface arms.

The microfiber cover for the DualClean Softwall Strip Cleaner traps and removes dust and other visible contaminants. It is compatible with a wide variety of solvents and is ideal for less critical environments.

The microfiber cover is cleanroom laundered and recommended for use in ISO Class 6-8, grade C/D areas.

For best performance, use saturated with suitable solvent or disinfectant.

Technical Data

Wipe material Polyester microfiber
 Wipe construction Microfiber polish cloth

Attribute; (units)	Value **	Test Method
Basis weight; nominal (g/cover)	30	Contec Method
Sorbency in water Extrinsic; (mL/cover)	142	CTM 004-03
